Areas of Expertise

Microeconomic Theory, Market Design, Matching Theory, Mechanism Design

Education

Ph.D. in Economics 2020–2026
Koç University

- Dissertation: Three Essays on Allocation Problem with Discrete Resources
- Advisor: Assoc. Prof. Özgür Yılmaz

M.A. in Economics 2017–2019
Sabancı University

- Thesis: On random object allocation
- Advisor: Prof. Ahmet Alkan

B.A. in Economics 2012–2017
Boğaziçi University

Research Papers

Many-to-many Matching with Cluster-Approximated Spatial Constraints (Job Market Paper)
with Özgür Yılmaz and Ömer Faruk Şahin. *The Scandinavian Journal of Economics, forthcoming.*
[Working Paper]

The Worst-Rank Frontier in Discrete Resource Allocation: No-Envy, Ordinal Efficiency, and Probabilistic Serial
with Özgür Yılmaz. *Submitted.*

Work in Progress

Is the Weighted Sum a Meritocratic Method? A Mechanism Design Approach to Research Assistant Recruitment in Turkey

Equitable Affirmative Action in School Choice
with Özgür Yılmaz.

Selected Research Projects

TÜBİTAK 1002-A Short-Term R&D Funding Program – Project Coordinator 2025–2026
Is the Weighted Sum a Meritocratic Method? A Mechanism Design Approach to Research Assistant Recruitment in Turkey

- Develops a mechanism-design framework to study fairness, robustness, and manipulability in weighted-score recruitment systems.
- Models score aggregation and GPA normalization rules and evaluates alternative mechanisms using normative criteria for fair and manipulation-resistant recruitment.

TÜBİTAK 1001 Research Project – Scholar 2024–2026
An Allocation of Pharmacy Shifts: A Mechanism Design Approach

- Develops matching mechanisms for pharmacy duty scheduling under hard feasibility, fairness, and spatial-distribution constraints.

- Contributes to the theoretical characterization of feasible assignments, the design of implementable allocation mechanisms, and simulation analysis using real-world scheduling data.

Conference Presentations

8th International Workshop on Matching under Preferences (MATCH-UP 2026) Jul 2026
Paris, France

Many-to-many Matching with Cluster-Approximated Spatial Constraints (poster)

14th Warwick Economics PhD Conference May 2026
Coventry, UK

Is the Weighted Sum a Meritocratic Method? A Mechanism Design Approach to Research Assistant Recruitment in Turkey

Second Spring Meeting of the Turkish Economic Association (SMTEA 2026) May 2026
Istanbul, Türkiye

Is the Weighted Sum a Meritocratic Method? A Mechanism Design Approach to Research Assistant Recruitment in Turkey

International Symposium on Measurement, Selection and Placement Oct 2024
Ankara, Türkiye

Equitable Affirmative Action in School Choice

Teaching Experience

Course Instructor 2023–2025
Koç University

- Math Camp for M.A. and Ph.D. Students
- High School Economics Camp

Research and Teaching Assistant 2023–Present
Necmettin Erbakan University

- Microeconomics

Research and Teaching Assistant 2021–2023
Istanbul Bilgi University

- Microeconomics
- Managerial Economics
- Math Camp for LSE Honors Programme

Teaching Assistant 2020–2024
Koç University

- Economic Development
- Public Finance
- Banking and Regulation
- Public Economics

Teaching Assistant 2017–2019
Sabancı University

- Microeconomics
- Matching Markets

- Games and Strategies
- Macroeconomics

Teaching Assistant 2017–2020
Istanbul Sabahattin Zaim University

- Mathematics

Other Experience

Founder 2023–Present
Match and Design

Development of market-design and algorithmic allocation tools for education and scheduling applications.

Honors and Awards

Institute Social PhD Research Grant 2026–Present

TÜBİTAK 2214/A International Research Fellowship 2023–2024
Awarded for a proposed research visit to Boston College; host: Prof. Utku Ünver; visit not undertaken.

TÜBİTAK 2211/A National Ph.D. Scholarship 2020–2024

Koç University Full Ph.D. Scholarship 2020–2026

Sabancı University Full M.A. Scholarship 2017–2019

Technical Skills

Python, MATLAB, R, Stata, LaTeX
